

Call a Bike “fix” at the ICE station

Call a Bike is perfectly simple:

Registration: Call the Service Hotline at 07000 5225522* or register at www.callabike.de. Once you have registered, we debit EUR 5 from your credit card or bank account. That sum will immediately be credited in full to your Call a Bike account. You can set off as soon as you have registered.

Collection and return only at pick-up points!

Collecting: You will find the bikes at the Call a Bike pick-up point near the station building. **Exact information about the location of the bikes is available from the Service Point.** Call the telephone number in the red box on the cover of the lock to receive the opening code. Key in that number on the display underneath the cover to release the lock, remove the bolt – and off you go!

NB: A return call will be made to your phone showing the opening code – in other words, you do not have to remember the code.

Breaking your journey: If you want to take a break, you can “park” your bike by simply closing the lock and pressing the button to the right of the lock. **The opening code you were given remains valid.**

Returning the bike: The bike has to be returned to the Call a Bike pick-up point. Park the bike there and secure it using the **bolt provided**. Press the button to lock and note the receipt code on the lock display. Call the phone number on the lock again, key in the receipt code and the 4-digit number of the pick-up point on your mobile phone – and that's it. Till the next time.
